Diploma in Community Services
KCA Education (February 2024- Present)

SKILLS

- Hardworking and flexible
- Good Communication Skill
- Patient and ability bto work under pressure
- Reliable and hardworking
- Passionate about working with others

OBJECTIVES

I am Gilliene Ellen Casaquite and I am submitting my resume as an application for the position of aged-care worker in your prestigious facility.

I am a student visa holder and currently studying Diploma of Community Services at Kirana Colleges, Australia. I have eight months of experience in an Aged Care Facility before and I am very much willing to continue learning as it is the career that I would like to take.

Back home in the Philippines 2 years ago, I have been taking care of my late grandfather which have given me the passion to love taking care of elder people and gave me the initial experience in providing general care. Being my grandfather's constant companion, while monitoring his health, has taught me the importance of this service and strengthened my patience in caring for others. It was during those time that I decided to become an Aged Care Worker.

As a compassionate, friendly, and dependable person, I'm passionate about assisting those in need and assisting them in leading fruitful lives.
